

Cochise County

Cochise County

Southeastern Arizona Communications (SEACOM) is a joint initiative by Cochise County and Sierra Vista to create an independent 911 Communications Center serving all of Cochise County.

Currently SEACOM dispatches for Cochise County Sheriff's office, Huachuca City Police, Sierra Vista Police, Tombstone Police and multiple fire departments. Cochise County uses the Honeywell Phoenix G2 Fire Station Alerting system.

Fire West covers Sierra Vista Fire & Medical Services (SVFMS), Fry Fire, Whetstone Fire, Pirtleville, Elfrida, San Simon, Healthcare Innovations, Benson, Mescal, St. David, Pomerine, Tombstone, Willcox, Bowie, Bisbee, Sunnyside, Sunisite-Pearce, and Douglas. AKA "Fire FSA" (Fire Station Alerting).

Fire East is used mostly for enroute traffic.
